

Lock in the dollars—Lock out the fraud

October, 2007

F & E Check Pros Receives Award

Jara Diversified Services, a long-term software developer of check processing applications, honored us with the “Certificate of Excellence” at their annual JDS Dealer & Customer 2007 User Conference & Summit in Red Wing, Minnesota. This award recognized F & E Check Pros' dedication and commitment to their customers in the Northern Ohio region as well as their outstanding performance in matching customers with appropriate solutions that deliver meaningful business impact. Placing customers and their needs first and foremost before all other considerations resulted in this recognition.

F & E Check Pros has represented JDS' Draft Conversion Plus (Accounts Receivable check imaging, electronic posting & deposit solution) and Draft Conversion Processing System (Check21 comprehensive check imaging solution for financial institutions) since 2005. As a consequence, F & E Check Pros' customers using these solutions have realized:

- productivity increases of 400%+
- expedited cash flow availability
- a reduction the number of NSF's received
- shortened turn-around time for remaining NSF's.
