Dear Kim,

F&E Check Protector has gone above and beyond to help us. You've been willing to make several visits to update the various changes required on our Wycom check signer. The finance staff really loves how easy it is to use and can't believe how they used to print checks! F&E Check Pro's has been a great vendor who really looks out for our best interest.

Sincerely,

PS- We also love the currency counter. It's a real time saver in counting bills.
