Dear Kim,

I am writing today to let you know how pleased we are with the Dahle 20396 shredder we purchased from you. We were concerned about selecting a shredder that would fit our needs and fortunately (with your help) we have purchased a perfect fit.

So far our maintenance staff has been the primary user of the shredder and they have been really pleased with how quiet and well made the machine is.

We would highly recommend the Dahle brand and F&E Check Pro's for your knowledgeable staff, prompt and courteous service, and great follow-up.

Thanks!
