Rural Water Ass'n**

February 6, 2012

To Whom It May Concern:

I am writing on behalf of F & E Check Pros to recommend that you purchase their equipment/services. We have been using F & E Check Pros for almost a year now with great success. The time taken each day to scan/post bills has decreased dramatically.

I have found the staff at F & E Check Pros very knowledgeable from sales thru their 'tech' department. During installation we had a few 'early startup bugs' and their IT guys were always quick to correct any issues.

Having to do it all over again, my choice would be the same...F & E Check Pros.

Feel free to call me at the number below, ext. 224 should you need further information.

Sincerely,

Dan Sarbach
General Manager
